VOL. LXI: No. 11 REDWOOD CITY, CALIFORNIA, SATURDAY, JUNE 11, 1921 ESTABLISHED 1859

URGE COMPLETION OF NEW HOSPITAL

The board of supervisors met in regular session Monday, June 6.

Attorney Lee T. Ross of Redwood City presented and read a petition signed by Harriet E. Barneson and a number of other taxpayers of the second township, asking that First avenue, Second avenue and Xyris street as hown on the map of the San Mateo Homestead, but not in actual use, be abandoned.

The petition was received and ordered filed, on motion of Supervisor Brown, seconded by Supervisor Francis, and a resolution presented by ttorney Ross calling for a hearing in tthe matter on Tuesday, July 5, was adopted.

A communication was read from the San Mateo County Parent-Teacher Association enclosing a copy of a resolution adopted by that organization, in which the plan of building the new county hospital at Beresford was endorsed.

Resolutions were also received from the San Mateo County Federation of Woman's Clubs, the civic section of the Burlingame Woman's Club and the San Mateo Woman's Clul strongly recommending and urging the construction of the hospital at as early a date as possible.

Chairman Thompson asked District Attorney Swart if he would give the board a written opinion in regard to certain matters connected with the bids for the hospial, first on the question of submitting plans with bids; second, whether or not a bidder's bond can be substituted in place of certified checks, and third, if the manner of calling for bids with addenda is in accordance with the statutes.

District ttorney Swart said he would be glad to give the opinion, but he asked that he be given at least a week's time in which to look up necessary authorities and he further asked that the request for such legal opinion from the board in writing. He gave an opinion offhand that a bidders' bond was always considered acceptable, but he questioned the legality of getting bids with addenda, in other words, he explained, eery bidder must be bidding upon the same definite proposition.

On motion it was ordered that the district attorney be requested to give his legal opinion in writing in the above matter and submit the opinion at a special meeting of the board on Tuesday, June 14.

Chairman Thompson then announced that the matter of letting the hospital bids would be continued till the latter date. He stated, howeer, if there were any persons present who wishd to speak on the hospital they could do so at this time.

Dr. W. C. Chidester of San Mateo addressed the board and said that he had been named chairman of a committee fro mthe San Mateo County Medical Society to appear before the supervisors and request postponement of definite action in regard to the awarding of hospital bids for a least 30 days in order to giv th society an opportunity to present a proposition to the board that was being worked up with the assistance of the state medical society and the League for the Conservation of the Public Health. Dr. Chidester said he wished it understood that the San Mateo County Medical Society was not fighting the buildin gof the hospital, as hade been latel yreported.

Mrs. Kate C. Wood, chairman of the San Mateo County Social Service Commission, addressed the board in favor of the early construction of the hospital, telling of the great handicap the commission is under in giving the proper medical care to a large number of worthy patients in the county, particularly where preventive measures are necessary.

Mrs. Elsa McGinn, representing the San Mateo Woman's Club, also spoke of this need of a county hospital. She stated that at the present time there is no place in the county where patients suffering with contagious diseases can be sent and she submitted figures furnished by the social service commission showing that since February this year it cost San Mateo county $1,000 to send patients to hospitals and institutions outside of the county.

Mrs. Catherine A. Bain, representing the Parent-Teacher Association of San Mateo and St. Anthony's Guild at that place, also spoke in favor of the early erection of the hospital, affirming that it was the most urgent necessity of the county today.

J. F. McGowan, plumbing contractor, whose bid was among those retained by the board, addressed the supervisors in the matter of postponing action in the award of the contract for the hospital, laying stress upon the difficulty the contractors would hae in getting data and figures again from manufacturers and wholesalers in resubmitting bids.

B. H. Pendleton, a member of the state board of charities, was present at the meeting and spoke in favor of the immediate construction of the hospital.

Judge E. E. Cunningham of South San Francisco, representing, as he stated, the chamber of commerce of that city, the manufacturers' association of South San Francisco and the South San Francisco Land and Improement Company, addressed the supervisors and after caling attention to the dicerence in the amounts of the total estimates when the board first called for bids the latter part of last year and in May of this year, said there was a possibility there would be a further reduction in the cost of building materials and he urged the board to wait a little while longer before awarding the contract for the hospital. He said before any definite action is taken supervisors should know how much more money is going to be required for furnishing and equipping the hospital and for its maintenance. He spoke about the high taxes the people are required to pay and said the building of the hospital would only add to the burden.

Supervisor Hickey explained that the county auditor, on an order of the supervisors, publishes a statistical report each year, giving a detailed statement covering every expenditure of the county's money. Supervisor Hickey then submitted figuses showing that the greater part of the taxes levied by the supervisors are mandatory on the part of the board, they being to take care of the propositions oted for by the people themselves, such as for schools, sanitary and mosquito districts. He took the tax levy for South San Francisco for an example and showed of the levy of $3.18, $2.38 was for teachers' salaries and for school purposes.

L. P. Behrens, president of the First National Bank of Redwood City, said he was in favor of a county hospital, but that he had interiewed many taxpayers and found the principal question with most of them was whether or not San Mateo needed an institution of such magnitude at this time as the supervisors contemplated building.

Supervisor MacBain presented the deeds to two small roads in the Runnymede district, which deeds, on his motion, seconded by Hickey, were accepted and ordered filed by the clerk of the board.

Mrs. Sybil Paulsen of Tunitas Glen appeared before the board and asked permission to erect a fence across the old Tunitas road between the gate to her home and the beach, she explaining that she desired this done in order to keep out trespassers on her property. On motion of MacBain, seconded by Hickey, the above permission was granted to Mrs. Paulsen.

The report of J. R. Eubanks, superintendent of the county hospital, showed that he had cared for 59 inmates during the month of April, 8 of whom had been discharged and 2 died.

County Horticultural Commisisoner A. W. Tate submitted his report, showing a total shipment of 160 during the month of May, representing 26,343 plants and packages. The report also showed an inspection of 140 acres in the county in connection with the work and 236 re-inspected.

Conuty Tax Collector A. McSweeney and County Auditor J. J. Shields submitted a certificate of erroneous assessment on a certain piece of property at Belmont, which certificate was ordered filed.

A petition signed by J. Garibaldi and 26 other taxpayers of the Menlo lighting district was received, asking for the installation of two additional lights on Park lane. The petition was granted on motion of MacBain, seconded by Hickey.

A communication was received from the San Mateo County Federation of Women's Clubs, inclosing a copy of a resolution adopted at a meeting held in Redwood City on June 3, in which the federation recommended that public boxing exhibitions be prohibited in San Mateo county. On motion of MacBain, seconded by Hickey, Mrs. Nash, the clerk, was directed to write the federation and explain that as far as the superisors were aware, there is no public boxing going on in San Mateo county outside of the incorporated cities.

On motion of MacBain, seconded by Hickey, Walter D. Moore of Pescadero was appointed poundmaster for the fifth township.

Superisor Hickey informed the board that he had interviewed the Mills estate representatives in regard to securing a right of way for the proposed new highway between San Bruno and Beresford and that the estate was willing to give a right of way over its property along the levee, intimating that they would fight any other procedure.

Supervisor Francis addressed the board relative to the necessity of having a county ordinance regulating the weight of loads on trailers over the highway of the county. He stated that much damage was being done to the roads in his district through the overloading of trailers.

District Attorney Franklin Swart, to whom the matter was referred, stated that the truck quesion was one that was given a great deal of attention at a recent meeting of the state district atorneys' convention and that a committee had been named, with himself as chairman, to endeavor to frame a general ordinance that would be suitable for all the counties in the state. In the meantime, he said, he would draft a temporary ordinance, taking care of the trailer situation and hae it ready at the next meeting of the board.

TURNER FILES DEMURRER IN PEDDER DAMAGE SUIT

Kirkbride & Gordon of San Mateo and J. J. Bullock of Redwood City, attorneys for J. F. Turner, Tuesday filed a demurrer in the superior court in the $50,000 damage suit filed against Turner by A. R. Pedder of the Mt. Diablo Building corporation. The demurrer states that the complaint in the case does not state facts sufficient to constitute a cause of action and asks that the matter be dismissed and that the defendant be awarded his costs.

BONDED INDEBTEDNESS OF SANTA BARBARA COUNTY

The Santa Barbara Independent in a recent issue published the following article, which furnishes food for reflection for the people of every county in the state:

"The delinquent roll of the county of Santa Barbara this year is large, than in the history of the county. There has been $11,429 certified as the delinquent tax sum. It is interesting to note that this amount is largely from the farming regions. The city of Santa Barbara furnishes $1,521.27 of this sum. One rancher whose tax has amounted to nearly $4,000 has bowed his head and awaited the storm. These facts ought to attract the attention of the board of superisors of he county of Santa Barbara and the several bodies controlling the expenditure of public moneys.

"A county hospital run last year at a cost of $122,115.57 is certainly the limit. A poorhouse in which a cost of $208.50 for Victrola and records is the limit. A poorhouse in which the laundry bills amount to $3,587.42 is the limit. A hospital in which furniture is placed at $1,526.76 and house furnishings at $2,861.11 is the limit. A hospital in which there is an item of $990.82 for auto repairs and improvements is the limit. A poorhouse in which farm implements and supplies figure at $3,455.84 is going some.

"A farm attached to the poorhouse which produces an income of $3,117.27 from its produce, and expends $1,447.20 for live stock sundries, dries, $2,334.36 for labor and $3,455.84 for farm implements must do a very big business to come out even. A private business conducted in this way would last exactly on year, and the agonized owner would visit the farm, kick out all who had any connection with the farm and close the business. Else he would carefully scan the country around about and try some new employees. A county house that expends $122,115.57 in caring for less than one hundred inmates is an institution that is not worth encouraging. It would be better for the county to board its poor at the best hotels in the county and pay $1,200 per person than to conduct the business as it is now run."

The valuation of taxable property of Santa Barbara county is $48,042,211, San Mateo county $35,703,285. The bonded indebtedness of Santa Barbara county is $260,000 and the bonded indebtedness of San Mateo county is $1,275,000.

BABE AND THE BURGLARS

She was just a wee bit of feminity, bright, vivacious, with large, dark, soulful eyes, over which poets rave, and a complexion that is the envy of all her girl acquaintances, and altogether the last person in the world one would pick to cope with a bold bad night prowler. Babe had been up to the metropolis and returned on a late train to the home of her maternal grandmother in this city. When she reached the house she was dismayed at the thought that she had taken no latchkey for the place was in darkness and all the occupants in deep slumber. In vain she endeavored to arouse someone to let her in. Passing around to the back she found the basement door open from which a stairway led to an enclosed porch. Here was a small couch and Babe proceeded to make herself comfortable for the night and was soon dreaming of the sweet music to which she had danced the last two-step.

Suddenly a step awakened her. Her first thought was that someone in the house had heard her and was up; but no, the sound came from the gravel driveway outside. Who could it be? She tiptoed to the door, carefully unlatched it and peered out into the darkness. There crouched by the steps was the figure of a man. Her first impulse was to scream. In fact it was a woman's prerogative. But to have done so would have invited injury to herself, so locking the door she went back to her couch, but not to sleep. In a few moments the intruder was busy again. Distinctly she could hear him attempting to crank a machine standing in the driveway which belonged to her uncle. Her work as a newspaper reporter had taught her that sometimes silence was golden and she uttered no outcry. The would-be burglar saw that he was observed. Whether it was Babe's extreme beauty that unnerved him or the belief that he had aroused the household will never be known, for he slunk away into the darkness of the night and Babe, locking the door, retired to her couch happy in the thought that by her womanly tact she had precluded the possibility of a danger to herself and the other occupants of her grandmother's home, and at the same time saved fro ma long term in prison one who, irrespective of his nocturnal vocation, was some mother's boy.

The new president of the local chamber of commerce is planning a most active campaign for the coming year. A strong membership committee is to be named shortly and every effort will be made to enroll every business man and every person who is interested in the welfare of Redwood City.

It was decided to have a representative at the meeting of the Three-Cities Chamber of Commerce to be held in Burlingame next Monday evening, when the question of providing better and cheaper transportation for the peninsula will be taken up and discussed.

ROBERT H. McCORMACK

ROBERT H. McCORMACK WITHDRAWS FROM RACE

The withdrawal of Robert H. McCormack from the race for United State district attorney for this district has broken a deadlock at Washington that has prevented the distribution of Pacific Coast patronage for some time past. The republican party of California owes a debt of gratitude to Mr. McCormack in taking the initiative in the matter. He has shown and demonstrated his loyalty to his party by setting aside self-interest for party success. Such devotion to principle deserves every praise from party leaders in California.

Mr. McCormack managed the two campaigns for Mr. Shortridge last year, giving his time both night and day to this arduous work. He is a great organizer and so well did he organize the campaign for Mr. Shortridge that he received encomiums from party leaders throughout the state. He left nothing undone to bring about the success of his candidate. No task was too great to surmount and no work too difficult to do to overcome opposition and bring votes to the cause.

Mr. Shortridge recognized the zeal and energy of his manager and when Mr. McCormack applied for the district attorneyship he found in Mr. Shortridge a faithful and loyal friend He remained steadfast and would have continued to do so had not Mr. McCormack withdrawn from the race. There is one trait in the character of Mr. Shortridge that stands out above all others and that is his loyalty to his friends. This trait has been a dominant characteristic of his life. Mr. McCormack has shown his appreciation of this loyalty in the following statement issued yesterday:

"I have withdrawn my candiacy for district attorney," he said, "but I did it on my own initiative and for the best interests of the party in California. I want to thank those persons who have given me their earnest support, and to say that no man has ever enjoyed a greater tribute than was paid me by the loyalty of Senator Shortridge."

Mr. McCormack is to be given a special attorneyship by the Attorney General with offices in San Francisco with a salary twice as large as the one he sought. However, his heart was set on the district attorneyship. He wanted for many reasons and coveted the place and had he remained in the contest may have won it but he would rather put aside self interest for the success of his party. Such devotion is deserving of every recognition at the hands of the republican party of California.

GOVERNOR STEPHENS SHOWS GOOD JUDGMENT MAKING APPOINTMENTS

Governor William D. Stephens appears to have an intuition in filling vacancies on the bench. No governor in California has shown such care judgment as has Mr. Stephens in making judicial appointments. All his selections are men of fine legal attainments peculiarly fitted for the place for which they are chosen. His selection of Charles A. Shurtleff to be associate justice of the supreme court of California to take the place of Judge Warren M. Olney is certainly splendid appointment. He could have made no better, nor could he have made one that would have been more popular with the bar and the people. Mr. Shurtleff has had a brilliant career in the legal profession. He is considered the leader of the bar of California.

Mr. Shurtleff is an old line republican, giving much of his time in his younger years to the advancement of that party in this state. After leaving college he took part in the Blaine campaign.

In the eighties he stumped the state with another young man, Senator Samuel M. Shortridge, and partly through their efforts the state gave an overwhelming majority vote to the Plumed Knight. Both men began their political careers in that famous campaign and both are now enjoying the rewards of their fealty and loyalty to the republican party which they served so well.

Mr. Shurtleff is a San Mateo county man and maintains an attractive home at Menlo Park.

In 1879 Mr. Shurtleff came to San Francisco and entered Hastings College of the Law. He was admitted to the bar in 1882, and has followed his profession continuously.

The new associate justice enjoys the distinction of having occupied but one political position. He was appointed an assistant United States attorney in 1889 under United States Attorney Charles Garter. This position he held for three years, resigning to take up private practice. With the late J. M. Whitworth a law partnership was formed which existed up to the time of Whitworth's death twenty years ago, since which time Shurtleff has been practicing alone. He has practiced law in San Francisco for almost forty years.

Aids Young Lawyers.

As president of the Legal Aid, Shurtleff has devoted most of his time and energy to helping young attorneys, and this work has for several years been his hobby. He is a member of the Board of Bar Examiners and a trustee of the San Francisco Law Library. He is a member of the Family Club.

Concerning his appointment Mr Shurtleff said:

I feel highly complimented and all the more honored for the reason that my selection to fill the vacancy caused by Justice Olney's resignation came unsolicited on my part. It is an honor any one should feel proud of and I shall endeavor to fulfill the obligations and duties of the high office to the best of my ability.

JUDGE TO BE FEDERAL JUDGE

Samuel M. Shortridge has introduced a bill in Congress providing for the appointment of an additional United States district judge for San Francisco. There is urgent need of another judge for the northern district of California. Business of the federal courts have so piled up that judges from other states are frequently called in to help clear the crowded calendars. The bill will be acted on very soon. President Harding has signified his willingness to approve the bill when it is presented to him.

There is hardly any doubt that Judge Graham of San Francisco will get the new judgeship. At the lato election he was a warm supporter of Senator Shortridge, always greeting Mr. Shortridge as he appeared in his court during the primary election last year as "the next United States Senator from California." Mr. Graham is an able jurist having all the necessary qualifications to be a successful federal judge. There is hardly any doubt but that he will land the coveted judgship.

JACKASS SIMS

Sims, the loud mouthed Jackass admiral, is again exposing his Unamericanism by attacking the Irish people. In a speech in London this week he declared the Sinn Feiners in this country to be disloyal in the recent war. Last week in a speech he said the American Navy was inferior to the British Navy and that the brilliant achievements of the allied navies was due to the latter. Sims is of British birth, hence his loyalty to his native land. Sims should at once be retired from the honorable position he holds, through the sufferance of the justice-loving people of this country and thrown into the discard where he belongs.

MEXICO MUST OBSERVE THEIR GUARANTEES

Quoting from the 1920 platform of the republican party:

"The American Association of Mexico, an organization of citizens of the United States, is absolutely right in demanding that neither the present Merican government nor any Mexican government should be accorded recognition by the American government until the Mexican government shall give pledges to restore to American citizens the rights of which they have been deprived through an illegal constitution enacted by the military faction of which Carranza was the head. All that is asked—all that any American citizen has a right to ask—is that the Mexican government observe the usual guarantees of international law and respect the precedents stablished by common acceptance among civilized nations.

"If American citizens have conducted themselves in violation of the laws of Mexico or have acquired property right in an unlawful manner, the United tates asks nothing in their behalf except that they be given an opportunity to defend themselves in a fair court—the same right they would have in this country. The United tates will not complain if any American guilty of wrong-doing in Mexico is brought to justice. What this country does complain of—and what it should complain of—is that American citizens have been deprived of property rights honestly acquired in Mexico and have been deprived of life and liberty without due process of law.

"The republican platform of 1920 declared that 'we should not recognize any Mexican government unless it be a responsible government willing and able to give sufficient guarantees that the lives and property of American citizens are respected and protected, that wrongs will be promptly corrected, and just compensation will be made for injuries sustained.' The present republican administration is pledged to carry out that policy, and it is proceeding to do so in a dignified and persistent manner."

TWO IMPORTANT THINGS FOR THE PENINSULA

Before the peninsula becomes a center of population two things must be accomplished—the building of the Dumbarton bridge and the electrification of the Southern Pacific system. The various chambers of commerce in San Mateo county are working harmonously in the matter and through their efforts both enterprises may be accomplished. The people must get behind these organizations to co-operate with them. In uninty there is strength. A strong pull together will accomplish much. Let us all join together in bringing about these two factors which mean much to the prosperity of the peninsula.

It is said that there are a lot of farmers who look incredulous when they read reports that there are three million idle men in the country. Some of them want to be shown.

FLOTSAM OF POLITICAL TIDES

Mr. James W. Cox would be amazed if he could "listen in" on many conversations that take place these days among employees in the government departments at Washington. During the eight years of the Wilson administration the democrats managed to get the jobs pretty generally filled with "deserving democrats." Now that the administration has changed it is astonishing to find what a large proportion of these incumbents of fat jobs assert that they are "Harding democrats" and voted the republican ticket in the recent election, if they voted at all. Residents of the District of Columbia have no vote unless they go home to their own districts to cast their ballots. Most of the government employees are not on record as to party affiliations in the last campaign, but, to hear them tell their stories now, no republican of life-long service was more enthusiastic in support of the republican cause than a lot of the men and women who hold government position by virtue of Wilsonian appointment.

POINDEXTER SCORED POINT

One result that would have followed the reduction of the Navy personnel from 120,000 to 100,000 would have been the retirement from active service of some $300,000,000 worth of new destroyers, as well as two dreadnaughts. The point was stressed by Senator Miles Poindexter of Washington during the struggle in the Senate to cut our naval forces. both in men and ships. The Senator called attention to the fact that when those destroyers, built during the war, were placed out of commission they would begin immediately to deteriorate, and might be in such a condition when needed that they could not be used. Fortunately the Senate adopted the report of the Naval Committee by a vote of 45 to 23, and the force was fixed at 120,000 men.

The plaintiff asks for judgment for the total amount, together with interest and costs of suit. He is represented by J. E. Barry, San Francisco attorney.

The trouble is not so much that farm prices are too low as that they are relatively lower than prices for other commodities. The farmers could have stood the deflation if they hda suffered at the same time and in the same degree as all other classes of producers and dealers. The fact is that deflation hit them first and hardest.

There are six million homes in the United States owned by their occupants, who number not less than 30,000,000. The greater proportion of these homes are in the country and the smaller towns. With nearly a third of the people of the country living in homes they own, there is no danger of bolshevism gaining any headway here.

Population and Power Build Industry

INDUSTRY IS THE BEST GUANANTEE of the permanence and prosperity of a community, a state or a nation. It means creation of wealth, profitable employment, and free flow of capital in trade.

Many factors aid in industrial development, but of all factors, population and power are indespensable. Population furnishes the labor supply and the immediate local markets, but population alone is not enough. In modern times, no great industrial structure can exist without power.

The power companies of the State are fully alive to the needs for power. Their combined construction programs contemplate the development of about two million horsepower in the next ten years, which is more than twice the total power thus far developed. They only ask an intelligent spirit of co-operation on the part of the public in order that these plans holding so much of promise for the future of California may be carried out.

Menlo Park is being considered as the possible site of a new army hospital on the Pacific Coast, it was learned here this afternoon upon receipt of a telegram from Senator Samuel M. Shortridge to the Palo Alto Chamber of Commerce.

The telegram stated:

Understand that Menlo Park has excellent opportunity to get one of Pacific Coast's permanent army hospitals on recommendation of hispitalization consultant board. Board meets again on Wednesday, June 8, and decision will be made soon afterwards. If you have additional information to lay before consultants on hospitalization that would aid, send it to me in time for presentation June 8.

The proposed army hospital, it is interpreted, would be in addition to the rehabilitation hospital now here, that being a Public Health Service, not an army institution.

Should the board at Washington decide definitely to locate an army hospital here, there would be several million dollars expended in construction work in the Menlo Park community, it being the intention of the Government already to rebuild the Public Health Service Hospital here.

For Sale—A bicycle at a bargain. Apply Menlo Shoe Store.

The eyes of the people of San Francisco are focused on the peninsula for residence. It is up to the people to bid them welcome, prepare the way and give them every convenience. The object of the Chamber of Commerce is two fold, first to assist the Tri-Cities Chambers in asking the Southern Pacific Company to electrolize its tracks from San Francisco down the peninsula thus giving a quick service to the commuter and to assist the project of building the Dumbarton bridge so that the travel and business of the San Joaquin valley would be diverted from the other side of the bay to the peninsula. Come to the meeting next Tuesday and participate in the proceedings.
